## Jason Blake of Islandwide Solar explains some economical alternatives to ownership

Jason Blake of Island wide solar explained that you don't have to own the cow, feed it and, pay for the upkeep, just to get milk. The same thing is true with solar now. You can have solar installed, have someone else own the equipment and pay the upkeep and all you pay for is the electricity you get. Is it a good deal for you? Call Jason and find out. Every situation is different and only an energy survey can answer that question. 397-9094

Mail your packages early so the post office can lose them in time for Christmas.

There's nothing sadder than to awake on Christmas morning and not be a child.
