Out with the old, in with the new!

On June 19, the Rotary Club of Hanalei Bay had their In and Out Party at the St. Regis Hotel in Princeville. George Corrigan outlined a long and detailed list of the club's accomplishments in the past year and gave credit to the members for making it all happen. He reemphasized his statement on the day he took office that the president's job is the easiest one in the club because, as Sonny and Cher said a long time ago, "I got you babe". Outgoing president George Corrigan, was interrupted by incoming president Bob Capwell who took over the podium proclaiming that George Corrigan could talk longer and faster than anyone else in the room. Bob presided over a good hearted roast of George Corrigan that one guest referred to as a "Rump Roast". Since this is the third time that George Corrigan has served as a Rotary Club president Bob suggested that remedial help was called for to treat this addiction. It was a great start for Bob Capwell and a fun ending for George. A good time was had by all.

Matthew Hunt presents the future of Kilauea

Matthew Hunt, development manager for Hunt Development Group talked about the plans for the property north of the Kilauea Post Office. The company has spent years talking to local groups about what is needed and what is appropriate. He envisions plantation style architecture with “green” construction that would have a restaurant, grocery store and hardware store as anchors. The plan will include a new access road that will hold down traffic in residential areas of Kilauea

Jackie Boland wants us to help protect Medicare and SS.

Jackie Boland talked about Protecting Medicare and Social Security from financial and benefits cuts. She used interactive remote controls to get instant surveys from the audience and found out that many members were willing to contact Congress to ask them to find other ways to balance the budget. Over half of the club were members of AARP. The audience was split on how much of a cut they could stand and still maintain quality healthcare.
